## Finland's Reds Demand Speed On Soviet Pact

Final Stand Of Finnish Groups On Stalin's Demand Being Discussed

### CABINET MEETING CALLED FOR TODAY

By NED NORDNESS  
(I. N. S. Staff Correspondent)

HELSINKI, March 1.—Finnish Communist leader Hertta Kuusinen, served notice on President Mauno Paasikivi today that Finland's Communists demand immediate conclusion of a pact with Russia.

Meanwhile, Conservative party leader A. Salminen told international news service that Paasikivi has handed parliamentary groups a list of seven questions which must be answered in determining their decision on the mutual assistance pact which Premier Stalin demanded in a personal letter.

Questions Not Disclosed

Salminen did not disclose what the questions are, but he said they deal with all phases of the proposed alliance.

Kuusinen, dynamic woman leader of Scandinavian Communists, presented her demand in the name of the People's Democratic Union, which includes both Communists and Folk Democrats.

All other parties, however, have indicated in their official news organs that they will notify Paasikivi of their opposition to the proposed treaty. They hold 102 of the 200 seats in the Finnish Diet.

These groups are meeting today and tomorrow to decide their final stands.

Cabinet Meeting Called

Paasikivi has called for a cabinet meeting this afternoon for further discussions of Stalin's letter.

The Finnish foreign office denied reports that Russia has asked for a complete list of Finnish officers on active duty and other military information.

It pointed out however that both Britain and Russia are entitled to such information for the next two years under the terms of the peace treaty.

An underground anti-Communist organization plastered Finland's capital with leaflets today, warning that "the fate of Estonians suffered awaits all Finns."

(Estonia was swallowed by Russia in 1940).

## Pa Newc Observes

Well, March has arrived. We'll leave it to you to form your opinion as to whether the arrival was like a lion or like a lamb. It seemed to Pa Newc that it was rather a neutral event.

During the month of February, Sir Stork made 51 stops at the New Castle hospital, 26 females being born, and 25 male infants. There were 53 births recorded in January, which indicates a very little decrease in the number of births last month.

Duane Bruce Weingartner, son of Mr. and Mrs. Paul Weingartner of 810 East Line avenue, Ellwood City, celebrated his fourth birthday Sunday, February 29. The birthday name was received too late for inclusion in the complete list that was published in Saturday's News.

Mrs. Samuel Shaffer, Catherine street, discovered a strangely marked robin feeding in her yard on Sunday. The bird had a white breast with black and white tail feathers. It was in no hurry to leave as it remained in the neighborhood most of the day.

Weather conditions changed from the sublime to the ridiculous pretty quick over the week-end.

## New Export License Control Law To Aid America In 'Cold War'

By JOHN A. REICHMANN  
(I. N. S. Staff Correspondent)

WASHINGTON, March 1.—(INS)—The commerce department's new export license control authority which became effective today is expected to strengthen America's hand in meeting Russia's "cold war" offensive.

The new authority permits the administration to ban the export of a long list of materials which recently have been freely exported when available. Hitherto export licensing authority has extended only to a few critical materials.

This new authority, which will be used in close conjunction with foreign policy as developed by the state department, will permit the banning of heavy machinery and capital goods equipment both to Russia and Czechoslovakia.

Just what effect this will have on Czechoslovakia's ability to turn

By RAYMOND WILCOVE  
(I. N. S. Staff Correspondent)

WASHINGTON, March 1.—A billion dollar "stop Communism" program in the Far East was recommended today in a report issued by the house foreign affairs committee.

The report accused the Soviet Union of supplying the Chinese Communists with arms and ammunition. It warned that China is "so desperate that the Far East government may well collapse within a year" unless military and economic aid is received from the United States.

The report was written by William Montgomery McGovern, the committee's special consultant on Far Eastern problems, and was based on a trip made to Japan.

## Los Angeles Area Hit By Quake Of Severe Strength

No Serious Damage Reported; Quake Lasts For Few Seconds, Reports Say

LOS ANGELES, March 1.—(INS)—A "severe jolt" type of earthquake hit parts of the Los Angeles area early today, spreading as far as Seal Beach, 30 miles south, at 12:13 a. m. (PST).

Police received reports about the quake from South Los Angeles, Culver City, Hollywood, Alhambra and North Hollywood. No damage was reported. The quake lasted "a few seconds."

The shock was described by observers as starting with a "shoosh" and in most instances sounding like an explosion.

In North Hollywood the quake was described as starting with slight shaking for several seconds followed with a "good jolt" and ending with a less severe jolt.

At Long Beach the quake was said to have "rumbled" through the city, while Seal Beach residents described it as an explosion.

## Red Cross Drive Officially Opens

WASHINGTON, March 1.—(INS)—The 1948 American Red Cross drive for seventy-five million dollars got underway today with President Truman appealing to all Americans to give generously to the "good friends of humanity."

Mr. Truman spoke from Key West, Fla., over the radio networks and his speech was piped into Constitution Hall in Washington where national ceremonies were underway. Secretary of State Marshall and Defense Secretary Forrestal took part in the Constitution Hall program.

The president said that while the funds drive has seventy-five million dollars as its objective, "the results should be limited only by the generosity of the American people."

## Showdown On Palestine Is Nearing In U.N.

By PIERRE J. HUSS  
(I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., March 1.—The United Nations security council is heading for a stormy showdown on Palestine in its race against time.

Britain has already indicated that she will not agree to keeping her troops in the Holy Land until the U. N. Palestine commission is prepared to exercise control.

To the contrary, the British government has informed the commission that as of May 15, Britain will recognize the commission as Palestine's legal ruler.

The United States has before the 11-nation body a resolution which asks it to "accept" the U. N. partition plan, a step which the British government's memorandum to the commission appears to render futile.

An American spokesman said that in forthcoming sessions of the council the United States will firmly oppose any attempts to shelve or circumvent the partition issue.

## Former Divinity Student Suicides, Leaps From Plane

VAN NUYS, Calif., March 1.—(INS)—"War nerves" were blamed today for the death of Robert Strand, 28, a former divinity student, who leaped to his death from a hired plane.

Pilot Wilton Robert said Strand hired his two-place cabin monoplane yesterday and after urging him to "get high" tried to open the door and climb out at 3,000 feet.

Absolves Pilot

Robert said he nosed the ship down suddenly to keep Strand in the plane and grabbed his passenger by the collar. However, the plane nearly turned over and Strand seized the chance to jump.

The war nerves excuse was given by his father in San Francisco, Thor I. Strand, a retired contractor.

In Strand's wallet, found in the plane, a note read: "Don't hold the pilot responsible. This is my own doing."

## Reprisal Attacks Take 39 Lives In Palestine Area

British Troops And Jews Suffer Casualties In Week-End Outrage

### BRITISH TROOP TRAIN BLOWN UP

By BENN FELLER  
(I. N. S. Staff Correspondent)

JERUSALEM, March 1.—Reprisal attacks on British troops and Jews turned the Holy Land into shambles Sunday, leaving at least 39 dead and 33 seriously injured today.

Jewish terrorists blasted three military coaches of the Cairo-Haifa express train from the tracks near Rehovoth, in Central Palestine, killing at least 28 British troops, and injuring 40.

The Extremist Stern gang, in messages to newspapers, claimed responsibility for the attack, "in answer to the bombing of Ben Yehuda Street" exactly a week before, when 56 Jews were killed.

A short while later the mutilated bodies of 11 Jews were found not far from the train wreck scene.

Naganah, the Jewish militia, announced that the British had seized the eleven and turned them over to Arabs for slaughter in retaliation for the train sabotage. The British denied the charge.

Tension Is High

But tension is high in Palestine today and further trouble feared between Jews and British troops.

Inhabitants of all-Jewish Tel Aviv were apprehensive when British police patrol cars appeared in the city for the first time in weeks, speeding through the streets.

The ten-car Haifa-bound express, with 110 British soldiers in the last four cars, was wrecked by the explosion of three hundred-pound ammonal high-explosive charges, spaced the length of a railroad coach apart.

Fourth Charge Is "Dead"

Troops in the last car narrowly escaped when a fourth charge, found later by police, failed to go off.

The charges were electrically detonated by saboteurs hidden in an orange grove nearby who allowed the six civilian passenger coaches to pass over the mined spots unscathed.

Rail traffic is still blocked in the area today, and the wreckage is being combed by rescuers who are fearful that the death-toll may be even higher than the 28 already counted.

## Czech Laws To Be Changed To Satisfy 'Reds'

By ROBERT HECKERT  
(I. N. S. Staff Correspondent)

PRAGUE, March 1.—The Czechoslovakian government announced today far-reaching changes in the nation's legal system, eliminating laws which are "no longer useful" and "laying the foundations of a Socialist Republic."

A cabinet meeting has been scheduled for tomorrow to discuss the new measures.

The announcement was made by Communist Justice Minister Alexej Cepicka at a mass meeting in Brno.

New Constitution

Cepicka said the country will soon have a new constitution.

The announced measures included the establishment of "national front action committees" to supervise the purges being undertaken by local action committees.

Decisions of the national front will be binding on political parties, Cepicka said, as well as on the nation's economic life.

He said that laws defining the functions and rights of the action committees will be drawn up at the next cabinet meeting and presented to parliament for approval.

Expel Anti-Communists

This approval is virtually guaranteed by steps taken to expel all anti-Communist members of parliament, throwing election results into the trash-bin.

Cepicka announced that no former official of the Czech National Socialist and Peoples parties, or the Slovak Democrat party, will be permitted to take part in active public life until he is "rehabilitated."

## Red Cross Campaign For Funds Under-Way

Solicitation army of over 1,000 workers today launched Lawrence county's 1948 American Red Cross campaign for funds. The volunteer host will attempt to raise a total of \$35,000 in the effort, with Ellwood City assigned \$7,000 of the goal.

The workers will attempt to reach every home, store and industry during the drive, which general chairman Harry Helmick hopes to conclude in two weeks' time.

Expect To Speed Drive

"Once again the Red Cross is making its appeal for funds," Mr. Helmick stated today, "with the campaign officially getting underway this morning. Our goal is not a large one, in fact it is smaller than

the amount raised in 1947, and we are counting upon the efforts of the workers and the willingness of the citizenry to wind up the collections in two weeks' time if possible.

As chairman of the 1948 effort I would like to ask the support of all of you to back this worthy cause. I would also like to stress the importance of courtesy towards the workers who will approach you in your homes, places of business and industries. These workers are volunteers, giving freely of their time and energy to make the drive a success. They are your neighbors and your friends. I don't think it is too much to ask to treat them with

Mr. Truman said the reciprocal trade act "is a continuing evidence of the determination of the United States to contribute its full share to the reconstruction of a sound and growing world economy as the basis for enduring peace."

"As such, I strongly recommend that the act be extended for an additional three years."

## Bus Drivers Are Still On Strike At Ellwood City

No Change In Situation Over Week End; Private Autos Haul School Children

ELLWOOD CITY, March 1.—No change was seen in the strike situation at the Ellwood City Motor Coach company over the week-end. The bus drivers are still on strike, the mechanics will not cross a picket line, and no buses are running. No further attempts at negotiation have been made since Friday and as of today, before noon, no attempt had been suggested.

There is no picketing in the sense that employees are parading in front of the bus offices. Instead the pickets are in automobiles. There has been no attempt to cross the picket line and no untoward occurrences.

School children of Franklin and North Sewickley townships are being hauled by private automobiles through arrangements made by the school boards of those townships.

In all there are some 25 employees affected by the strike. The bus drivers are asking an increase of 20 cents per hour for beginners, an increase from 70 to 90 cents per hour. For drivers with more than six months experience they are asking an increase of 30 cents per hour, from 85 cents to \$1.15 per hour.

In addition time and a half is being asked for more than ten hours per day or more than six days in the week.

## Sen. Vandenberg Opens Debate On Fund In Senate

Senate Is Urged To Approve Entire Amount Asked For Marshall Fund

### MARSHALL PLAN IS NOW BEFORE SENATE

(BULLETIN)

WASHINGTON, March 1.—(INS)—Sen. Vandenberg (R-Mich.), warned today that "aggressive communism" which engulfed Czechoslovakia and now endangers Finland actually "threatens all freedom and all security."

The Senate foreign relations chairman called for prompt passage of the \$3 billion dollar European recovery bill "before it is too late."

His blast against Russian expansion was delivered in opening formal Senate debate on the ERP legislation.

WASHINGTON, March 1.—Sen. Vandenberg (R-Mich.), urged the Senate today to approve the five billion 300 million dollar Marshall plan in the face of "orders from the Kremlin to wreck this enterprise."

The Senate Foreign Relations chairman denounced what he termed the "Soviet police empire" for fostering a "conspiracy" against European recovery. He spoke in opening debate on the aid program.

Vandenberg called the ERP bill a "plan for peace, stability and freedom." He said:

Turning Point

"It can be the turning point in history for one hundred years to come."

The Senate president emphasized that despite the Soviet attitude, the United States "must always be ready for any discussion" to promote peace between East and West. But he said that "peace and appeasement are not on speaking terms" and added:

## Politics Charge Made By Truman

By ROBERT G. NIXON  
(I. N. S. Staff Correspondent)

U. S. SUBMARINE BASE, KEY WEST, Fla., March 1.—President Truman charged today that it seems Republicans presidential aspirants in and out of the senate are playing politics with domestic and foreign affairs problems of vital concern to the nation.

Authorizing a direct quotation, he said: "These problems should have only a bi-partisan approach."

He also declared that any attempt to wipe the name of presidential candidates from the ballot as proposed by Gov. Tuck in Virginia was an old-fashioned system that hadn't worked very well.

Tuck suggested the plan in retaliation to the president's civil rights program that is meeting stiff resistance throughout the south as an invasion of state's rights.

Mr. Truman declined at a Monday morning news conference to be drawn into any comment on the communist grab in Czechoslovakia and Russian pressure on Finland.

He was sombre and non-committal when reporters asked him his views.

Let the Irish sing of their saintly Pat, on the seventeenth we'll take care of that, but today is David's and as for me, this verse is his, weather's forty three.

## NEW EXPORT LICENSE CONTROL LAW TO AID AMERICA IN COLD WAR

(Continued from Page One)

building up of an eastern economic bloc could not be detrimental. Neither Russia nor Czechoslovakia has been given any credits since shortly after the war. These were reconstruction loans by government lending agencies.

Since the United States withdrew a surplus property credit from Czechoslovakia when it was found that country planned to resell the goods—at a handsome profit—to the Soviet-dominated Rumanian government. Future government loan proposals were then abandoned.

However, with a mysterious supply of gold or dollars, both Russia and Czechoslovakia have been buying capital goods directly from manufacturers in this country. This has been perfectly legal, although Sen. Robert A. Taft (R) Ohio, has charged that such sales were adding to inflation in the United States.

Under the new law this can be stopped.

which is for purity—to develop the pure of heart; blue, is for loyalty; and red is the virtue of love and charity. The nurse must foster a deep sentiment of love and a devotion of the spirit of charity—or otherwise all is of no avail. "The trial period is over," she reminded the students, "and through the years excellent work is expected, the rest is up to you."

## Chaplain Speaks

Rev. Fr. John E. Brueckner, chaplain of the New Castle Hospital, as principal speaker emphasized the qualification of perseverance of the nurses.

"The nursing profession is a life of sacrifice," he stated. "It is the giving of yourself, so that others may have. It is a life patterned similar to the life of Christ. The outstretched hands—to heal the sick and lame; the kind and generous heart—for the love of humanity; humility and patience. It is a profession for the sole purpose to help others—its essence is charity."

Father Brueckner compared them to the first of zealous of all nurses, Florence Nightingale, and closed with congratulations of completing their first milestone.

## Capping Exercises

The students were capped by director, Sister Lawrence Mary, assisted by two students of the class of 1948, Blanche Dean and Clare Gilboy.

Miss Mildred Jean Mersheimer, R.N., president of the Nurses Alumnae Association, conducted the lighting of the candles—to serve as guide throughout the future years. Miss Betty Lou Anderson, of class of 1948 was Florence Nightingale and symbolic of the Spirit of Nursing.

The class was formally accepted by Mr. Maher, chairman of the Nursing Council, after repeating the Nightingale Pledge.

During the exercises the class of 1950, sang three selections: "My task," by E. L. Ashford; "I Shall Not Pass Until This Way," by E. Effinger; and "Thanks Be To God."

The recessional followed.

A reception and tea was held in the social rooms of the School of Nursing. The table was beautifully arranged with tall candles and lovely fresh flowers. Refreshments were served buffet style, with Miss Mersheimer and Irene Joyce pouring. At this time, parents of the students met informally with the faculty of the school.

## SEN. VANDENBERG OPENS DEBATE ON FUND IN SENATE

(Continued from Page One)

virtually dividing the earth between Washington and Moscow would not be peace. It would simply be a dishonorable truce preceding final, unspeakable disaster.

## "Must Not Collapse"

Vandenberg said that western Europe, struggling to recover, must not be allowed to fail—"must not collapse," he declared.

"The iron curtain must not come to the rims of the Atlantic by aggression or default."

The GOP foreign policy leader, a "dark horse" presidential possibility, made only passing reference to the latest Soviet conquest in Czechoslovakia. He recalled that Czechoslovakia withdrew from the 16-nation ERP conference in Paris and "now finds itself forcefully communized against any further expressions of self-will."

## Opposes Any Cut

Vandenberg pleaded with his colleagues to defer any cut in the initial fund until next January when Congress can review the result of the first nine months of operation. He said the carefully screened and reduced figures offer "no alibi for failure," and added:

"When you try to adjust them today, you play with danger to the life-line of the plan."

Vandenberg, despite a unanimous report by his committee, urged amendments to slash the ERP fund by up to one billion 800 million dollars—the cut proposed by Sen. Ball (R) Minn., a 20-Senator GOP group, seeking modifications, plans to meet again tomorrow night to discuss amendments.

## Communist Tactics

Before the Senate began debate, the House Foreign Affairs Committee released a three-volume report on Communist tactics, prepared by a subcommittee headed by Rep. Bolton (R) Ohio. It denounced Communist tactics "from Marx to Molotov," and said:

"In the past we have granted the Soviets concessions in terms of power and position that are of the highest degree of importance. These were made in the hope of appeasement. They did not have the anticipated result."

"In the opinion of this committee we have reached the end of such a policy. No comparable concessions could be made without fatally weakening our own position."

The House group declared that world revolution remains the sole goal of the Communists.

dropping from a high point of 62 degrees on Saturday afternoon to 16 degrees early this morning. However, warmer weather is forecast for tomorrow.

Only two Leap Year babies were born at the Jameson Memorial Hospital on Sunday, Leap Year Day, but the stork was probably all worn out in delivering Saturday's consignment. Ten babies were born on Saturday at the hospital, helping to break all February birth records at the institution. Singularly, only two of the twelve babies born over the week-end at the hospital were girls. The Leap Year babies, both boys, were born to Mr. and Mrs. Thomas Crenne, of 722 French street, Erie; and Mr. and Mrs. Robert Cole, of 730 Arlington avenue.

Two infants were born on Leap Year Day, at the New Castle hospital, on Sunday, little Mary Catherine Cheuka, of Greenville; and Infant Callahan of Main street, this city. Infant Callahan was born four minutes before midnight, last night, and became a leap year baby, only by a very slight margin!

## RILEY-PILLIFANT VOWS EXCHANGED

One of the prettiest of the early spring weddings was that of Miss Fern Riley, daughter of Mr. and Mrs. David Riley, of 4210 East Washington street, and Albert Pillifant, Jr., son of Mr. and Mrs. Albert Pillifant of 919 Rose avenue, solemnized at 7:30 o'clock Saturday evening in the Third U. P. church.

Before an altar decorated with a large vase of white carnations and snapdragons against an embankment of palms and ferns, with lighted candles in branched candelabra at either side, Dr. J. Paul Graham officiated at the exchange of nuptial vows, using the double ring ceremony.

The bride, given in marriage by her father, wore a gown of pastel aqua wool, ballerina length, with the new neckline, and with it she wore a poke bonnet of beige lace, trimmed with flowers in pastel tones and aqua satin ribbon. She carried a colonial bouquet of yellow roses and carnations, pink roses and blue iris. Her only jewelry was a rhinestone necklace, gift of the groom, and she wore the traditional "something old, something new."

As her matron of honor her sister, Mrs. Robert Lennig, of Clairton, wore a gown of pastel pink gabardine fashioned with a high neckline, long sleeves and the longer length skirt with a matching straw hat trimmed with pink roses and pink satin ribbon.

Mr. Pillifant served his son as best man, and ushers were Robert Lennig of Clairton and David Jones of Warren, O.

Preceding the ceremony Miss Lillian Sarver, organist, played a half-hour recital of nuptial music and accompanied Fred Riley, brother of the bride, who sang "Ah Sweet Mystery of Life." "Because" and the Lord's Prayer.

Fox, of the Harbor road, and Edward Perry Hutchinson, son of Mr. and Mrs. Carl D. Hutchinson, of 406 North Liberty street, were exchanged with Dr. R. F. Galbreath officiating at the single ring ceremony.

Preceding the ceremony Garth Edmundson played appropriate selections on the piano and to the strains of the wedding march the bride was given in marriage by her father. She wore a powder blue suit with navy accessories and a gardenia corsage. Her only jewelry was a pearl necklace, a gift of the groom.

Mrs. John F. Thompson as her sister's matron of honor, wore a grey gabardine suit with a matching grey hat and a gardenia corsage.

Howard F. Hutchinson served his brother as best man and John F. Thompson and Don M. Rae ushers.

A congratulatory period followed in the church parlors.

symbol of Courage to the March-born

In ancient times, amulets were worn to ward off evil. Today the superstition is discarded, but the sentiment remains. The aquamarine is by tradition the natal stone of those born in March. Clear, translucent star of the beryl family, it is said to render "unconquerable" the March born.

## February Birth Records Broken

Largest Number Of Babies Ever Born In February At Jameson Memorial Hospital Recorded

All February birth records were broken at the Jameson Memorial hospital last month, when 116 little bits of humanity got their first glimpse of the world at the local hospital. Last February, which had seen the previous record of 111 established, was larger than any other previous February.

Even had it not been leap year, adding an extra day to the month, the record would still have been broken, as only two babies were born on leap year day.

Of the 116, 59 were boys and 57 girls, the boys just topping the girls by two. In January there were four more girls than boys.

In 1941, which was a normal pre-war year, only 45 babies were born at the hospital in the month of February.

## Home Service Division Of ARC Aids Serviceman, Veteran And Dependents

The Home Service department of the American Red Cross chapter has duties which make it one of the important divisions of the county unit.

All veterans, their families, servicemen and their families are eligible for the general services of the department. Although this service was far-reaching and over expanded during the war years, it is still a very active division and concerns itself mainly with the veteran and his problems.

As an officially recognized agency, the Red Cross is prepared to represent and assist veterans, families of deceased veterans and families of servicemen in securing government benefits to which they are entitled. This individualized work supplements the work of the Veterans Administration by providing technical help in the preparation of claims, medical applications, affidavits and other documentary evidence.

In the case of veterans assistance it is rendered in the following manner:

1. Compensation for service connected disabilities.
2. Pensions for disabilities not service connected.
3. Hospitalization and domiciliary care.
4. Terminal leave pay and mustering-out pay.
5. Certificates in lieu of lost discharge.
6. Application for review of discharge for those with other than honorable discharge.
7. Consultation on other governmental benefits such as educational and vocational opportunities.

As to financial assistance the Red Cross provides money under the following circumstances:

1. During the transition period to the veteran and his immediate dependents immediately following discharge until such time as he can get himself adjusted.

2. Following the transition period when the veteran is awaiting the adjudication of service-connected claim through the V.A.

3. To dependents of deceased veterans awaiting the adjudication of claims.

4. During periods when payments of compensation are delayed and or interrupted.

5. Veterans awaiting receipt of educational benefits from the V.A.

6. Veterans and their dependents awaiting referral to the County Assistance Board of compensation.

During the fiscal year, 1947 the local chapter handled 2,776 cases of which 791 were in active service, 1,912 veterans and 73 civilians.

Financial assistance to these cases showed a total of \$3,058.27 expended—\$682.50 to those in active service, \$2,346.68 to veterans and \$230.09 to civilians.

## Football Profits To Pay For New Stadium Lights

When the new floodlights illuminate Taggart Stadium next fall in football season fans can feel a sense of ownership in them. Part of the cost of the new lights will have been borne by profits from football.

The New Castle school board has just transferred \$20,000 from the athletic fund to the general fund with instructions that the \$20,000 is to be applied towards the payment for the lights, approximately \$35,000.

Each year some of the profits from football have been laid aside in a special fund to provide athletic facilities. The \$20,000 represents a number of year's savings.

## Conemaugh Considers Earned Income Levy

JOHNSTOWN, Pa., March 1.—(INS)—Officials of the Borough of Conemaugh, near Johnstown, revealed Saturday they are considering an earned income tax which follows generally the levy imposed in Johnstown.

Members of the Conemaugh council said they had instructed their solicitor to draw up an ordinance calling for a 1 per cent levy on all wages earned in the borough and income earned outside the borough of Conemaugh residents.

No estimate was made as to the amount the borough would realize if the proposed ordinance is adopted.

## Urges Bakers Of Nation Comply In Saving Of Wheat

WASHINGTON, March 1.—(INS)—Agriculture Secretary Anderson asked the nation's 12,000 wholesale bakers to adopt a voluntary program aimed at saving 12 million bushels of wheat a year.

Principal feature of the proposal is a drastic cut in consignment selling—the practice under which bakers replace unsold bread in retail stores daily with fresh loaves.

Anderson also asked the bakers to limit flour inventories to 60 days' production requirements. The agreement would apply to producers of bread, rolls, pie, cake, yeast raised sweet goods and doughnuts.

The cut in consignment selling would exclude the return of stale bread from retailers in excess of one per cent of gross sales in any calendar month. Wholesale bakers would be required to abandon the practice of giving special discounts, rebates and gifts.

The newspaper reported from Vienna today that Russia is expected to strip Austria of more machinery and equipment in the event that the western powers force her to lower her demands for cash reparations.

The newspaper quoted Austrian sources as saying that the Soviets recently sold a huge amount of Austrian property to Yugoslavia.

The Yugoslavs were said to have received construction machinery valued at more than \$400,000, twelve and one-half miles of rails, and 1,500 railroad cars.

## Russia Is Ready To Strip Austria

LONDON, Mar. 1.—(INS)—The Daily Telegraph reported from Vienna today that Russia is expected to strip Austria of more machinery and equipment in the event that the western powers force her to lower her demands for cash reparations.

The newspaper quoted Austrian sources as saying that the Soviets recently sold a huge amount of Austrian property to Yugoslavia.

The Yugoslavs were said to have received construction machinery valued at more than \$400,000, twelve and one-half miles of rails, and 1,500 railroad cars.

## POLICE HUNT HOUSE CHICAGO, Mar. 1.—(INS)—

Chicago Park District policemen are house hunting today.

They are punching doorbells in their effort to find a home for a fellow patrolman, Louis P. Cardwell, father of three children, who has been evicted from his home.

Ill fortune came with a double stroke for Caldwell. He just learned that his wife, Grace, who has been confined in the hospital for three months, is paralyzed from the waist down and will never walk again.

## Swiss Agents Find Secret Transmitter In Romanian Embassy

PARIS, Mar. 1.—(INS)—The DeGaulle Paris newspaper Le Pays reported today the discovery by Swiss intelligence agents of a secret radio transmitter in the Romanian embassy allegedly used to broadcast communist directives.

A dispatch from the newspaper's Bern correspondent said that the Swiss managed to decode messages sent by the transmitter to Communist parties in Western Europe.

**Seek Denial**  
The Romanian ambassador, Gaston Boeue, was said to have been upset by Swiss popular indignation provoked by the discovery and to have manifested the intention of demanding the Swiss foreign office to issue a denial of the report.

But, the dispatch said, he changed his mind when colleagues pointed out that the Swiss could reply by revealing the texts of the intercepted messages.

The Spanish conquistadores, first white men to set foot upon what is now New Mexico, were searching for the fabled Seven Golden Cities of Cibola.

## Asks For Highway Funds 1950, 1951

WASHINGTON, March 1.—(INS)—Maj. Gen. Philip B. Fleming, administrator of the federal works agency, Saturday asked congress to authorize expenditure of a billion dollars for highways in fiscal 1950 and 1951, but asked nothing for fiscal 1949.

Fleming told a senate subcommittee on roads that while the American Association of Highway Officials had asked 800 million dollars for each of the fiscal years of 1949, 1950 and 1951 for federal highway aid, the authorization for 1949 might well be omitted because of construction delays, scarce labor and material, and inflationary costs.

## Good Attendance Records Sunday

Pre-Easter Sunday School Campaign Is Gaining Steady Momentum

### REPORTS ARE MADE FOR FEBRUARY 29

With all of the attendance reports in with the exception of one, of the 25 Sunday schools of New Castle participating in the eight weeks pre-Easter increase campaign which has a total of 75 Sunday schools enrolled, 13 had their best attendance yesterday, February 29, which was the fourth Sunday of this constructive effort sponsored by the Lawrence County Sabbath School Association. These Sunday schools were the First U. P., the First Pentecostal, the Alliance Gospel Tabernacle, the First Christian, the Croton Methodist, the Mahoning Methodist, the St. Paul's Lutheran, the First United Brethren, the Wesley Methodist, the Savannah Methodist, the First Congregational, the Madison Avenue Christian and the North Side Community.

Other Sunday schools that have points to their credit are the Third U. P., and their yesterday's attendance is not in as yet, the First Methodist, the Central Christian, the St. John's Lutheran, the Mahoningtown Presbyterian, the Bethany Lutheran and the Bethel Baptist. The Maitland Memorial Primitive Methodist and the Reformed Presbyterian, while not yet in the point column, still have equalled their average attendances of last year.

**Fourth Goal Suggestion**  
As the fourth goal of the campaign is increase in Bible study, the Third U. P. had a splendid suggestion in last week's paper. The minister of this active church, Rev. J. Paul Graham, has outlined a course of pre-Easter Bible reading for his Sunday school officers and members. It is hoped that many other Lawrence county ministers will do the same.

The First Baptist Sunday school with an average attendance last year of 468, did remarkably well under trying circumstances yesterday. As their heating plant was out of order, they met at the Cathedral and had 384 in attendance which was fine.

When the campaign percentage standings are published next week and for the balance of the campaign, the First Methodist will surprise many with their high figure. They had 342 present yesterday, and the attendances of other New Castle Sunday schools are as follows: First Pentecostal 322, First U. P. 250, Central Presbyterian 213, Alliance Gospel Tabernacle 262, First Christian 209, Croton Methodist 182, the Nazarene 132, Central Christian 144, Mahoning Methodist 160, Maitland Memorial Primitive Methodist 121, St. Paul's Lutheran 148, First United Brethren 145, Wesley Methodist 111, Savannah Methodist 72, St. John's Lutheran 79, Mahoningtown Presbyterian 74, First Congregational 92, Madison Avenue Christian 79, Reformed Presbyterian 43, Bethany Lutheran 40, the North Side Community 15 and the Bethel Baptist 71.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## Russians Grab In Czechoslovakia Is Remindful Of Nazis

PARIS, March 1.—(INS)—An anti-communist Czech labor leader told the Paris newspaper L'Aurore on Saturday that the communist seizure of power reminded

Czechs of the Nazi grab of Czechoslovakia in 1938 and 1939.

Described as the secretary of one of the most important Czech unions, the man who wished his name withheld said he fled to avoid a "regime of prisons".

Had Wind Of It  
L'Aurore, a conservative newspaper, quoted the refugee as saying that Czechs felt that a communist putsch was in the wind about 15 days before it actually came.

The article said: "We would have had to be blind

not to understand the dispositions the police, designed brutally to put down any try at independence.

"In government offices, secret terror reigned. In private businesses Soviets were set up almost openly under the name of 'action committees'."

"When events came to a head those who would have been able to present effective resistance to the communists found themselves seized by the throat."

## Landon Forecasts Certain Defeat For President

Former Republican Nominee Sees Truman's Defeat In November Election

WASHINGTON March 1.—(INS)—Former Gov. Alf M. Landon, without naming the Republican nominee, today forecast the certain defeat of President Truman in November's Presidential election.

The GOP standard bearer in 1936 declared a crumbling Democratic organization and Henry Agard Wal-

lace's Third Party Insured Mr. Truman's defeat.

Landon knows something about a Presidential defeat. In 1936 he won only two states from the late President Roosevelt.

In an interview over the telephone from his Topeka (Kans.) home, Landon said:

**Faces Certain Defeat**  
"President Truman faces certain defeat. The coalition that won four Roosevelt victories is about destroyed. It is crumbling so fast it is leaving the Democratic National Organization in a shambles."

"The Republicans can elect any one of a half dozen strong men, who will be considered at the June convention."

"The candidacy of Henry Agard Wallace on a Third Party ticket completes the disintegration of the old Roosevelt machine. There is an overwhelming atmosphere of

gloom and discouragement in all Democratic circles.

Landon declared that Democratic organizations are weak in the north from New York to California.

Equity Suit Thrown Out As

Resolution

OTHER EVENTS  
IN COURT HOUSE

In an order handed down by Judge G. Lamoree, the equity suit of former County Commissioner Karl T. Rohrer is dismissed. At the same time the present board of county commissioners revoked the resolution passed some months ago to pay Matthew Leivo Sons Co. \$5,000 as a compromise of the bill of approximately \$9,000 for extras on the West Washington Street bridge. In the words of the court the "case has now become moot."

The case goes back to the contract for the repairs of the West Washington Street bridge. The contract was awarded to Matthew Leivo Sons Co., but soon after the work was started the contractors informed the commissioners more work on the underpinning should be done. This was authorized as an "extra."

When the work was completed the bill for the contract was presented along with a bill for some \$9,000 for the extras. County Controller Andrew M. Dodds refused to pass the check for the extras and the case was taken into the court of Common Pleas.

defect in the pleadings. Next an agreement was worked out between the contractor and the commissioners in which an ancient law was invoked. This law permitted the settling of disputes by a board of arbitrators.

Some testimony was taken by the arbitrators but before completion County Solicitor William McElwee, Jr., withdrew the county from the case.

An offer in compromise was then made by the contractors and after some consideration Commissioners Earl R. Wiener and Joseph F. Travers voted to pay \$5,000 to settle the claim. Commissioner Rohrer protested at a payment of more than \$2,500 and filed the equity suit asking that the commissioners, the county treasurer and county controller be restrained from paying any money.

On Friday County Solicitor William McElwee, Jr., presented a petition asking that the suit be dismissed upon the grounds that "two indispensable parties in interest" had not been named. The two were the County of Lawrence and Matthew Leivo Sons Co.

About the same time the present board of commissioners revoked the resolution authorizing the payment of \$5,000 to the Leivo Company which withdrew the issue. Hence the case became "moot" or in other words an academic question that will not be decided.

## SUNDAY HEARING GOOD

In an opinion handed down by Judge W. Walter Braham, a hearing held on Sunday in the office of Alderman James C. Brice is held to be good and the appeal of Mrs. Wanda Johnson is dismissed.

The case began last August when Mrs. Johnson was charged with assault and battery, it being alleged that she had struck Georgetown Boron, breaking her glasses. Mrs. Johnson was taken before Alderman Brice on Sunday and pleaded guilty. She was ordered to pay \$25 for a new pair of glasses for the plaintiff and the costs of the case. She appealed the decision upon the grounds that an arraignment on Sunday was illegal.

Alderman Brice said that the woman had asked to have the matter cleared up on the Sunday she was brought in and he had accommodated her.

**Ecclesian Club  
Has Ninth Year**

To Burn Mortgage Of Club  
This Summer It Was  
Announced At Sun-  
day Dinner Pro-  
gram

**NOTABLES ON  
SPEAKERS' LIST**

It is said that with every year an organization becomes greater in strength and in unity—and such is the case of the Ecclesian club, as shown at its ninth anniversary event held Sunday evening in the club rooms.

The history of the club dates back nine years, when a small room and a lot of ambition was all the club had. Today it boasts a spacious club house, with all facilities to attract the juveniles, future plans for expansion, and a date this summer at which time the burning of the mortgage will be the outstanding feature. All these things have been accomplished by this comparatively young organization, but all these things would not have been realized had it not been for the diligence of the officers and members.

**Turkey Dinner**  
Activities got under way last evening with a full course turkey dinner served in the Ecclesian club social rooms, and capably in charge of the Young Ladies' Sodality.

Rev. Fr. John E. Brueckner, chaplain of the New Castle hospital, gave the invocation, and "God Bless America" was sung by the assembly. A minute of silence was observed in honor of the late Emmanuel Shenkan, honorary member of the Ecclesian club.

Bernard Hanlon capably took charge the duties of toastmaster for the evening. The first speaker was Rev. Fr. Francis C. Streiff, pastor of St. Joseph's church.

"An organization is as strong as you make it," Fr. Streiff said. "It needs strength and cooperation from all, if all the weak links in a strong chain are to be eliminated." Briefly he reiterated the purpose of the organization of such a club—to attract the youths mainly, and to instill in the young people of today a better understanding and approach to manhood.

County Commissioner Joseph Travers, as guest, gave an interesting and brief discussion of the county government. He explained by means of a detailed report, just how the taxpayers' money is used, in order to keep the county government operating.

**Membership Campaign**  
Raymond McAuley, president of the club announced the opening in the very near future of a membership campaign, opened to all Catholics in Lawrence county. "The club is an incentive for all youths to participate in the activities, establishing a better relationship in Catholic Action."

Mrs. Wanda Zarilla, president of the Women's Ecclesian club, extended congratulations in behalf of the women's group, and assured cooperation from them in every

respect. Remarks were also made by Stanley Kaprowski of Youngstown, O., Mrs. Mary Cuba, and Lee Houk, the latter two chairmen of the anniversary.

Alvin Shenkan, who now has taken over the place occupied by his late father, joined in the interest of Brotherhood Week which has just passed, for all to know another first, and then to make an effort to know others. For in this manner alone can one reach out in the spirit of brotherhood—and kindness.

Father Streiff closed with benediction. Also attending the dinner, but who were unable to take part in the speakers' program, were Rev. Fr. J. E. Brueckner, and Rev. Fr. John M. Unger, the latter spiritual director of the Ecclesian club.

**State Recovers  
\$3,070,000 From  
Relief Recipients**

HARRISBURG, March 1.—(INS)—The commonwealth recovered \$3,070,000 from relief recipients during 1947 including \$371,000 from "chiselers," according to the state department of public assistance.

Property-owning indigents turned back \$2,699,000 in line with the support law of 1937, the department added.

The law provides that persons owning property when applying for relief must sign over their holdings to the department to assure reimbursement. If grants are repaid, the property is returned.

The property is not to be sold, if reimbursement is not made, during the life of the indigent or members of the immediate family so long as they continue residence.

The department reported that during the week ended February 21, relief rolls increased by 1005 persons and pushed the total number of indigents to 306,322.

## Airplanes Used In Game Feeding

HARRISBURG, March 1.—The  
Pennsylvania Aeronautics Com-  
mission, airport operators and  
sportsmen have been co-operat-  
ing this winter to prevent the  
starvation of game where ice and  
deep snow have made it difficult  
for wild animals and birds to ob-  
tain food, the Aeronautics Com-  
mission reported today.

Airport operators or individual  
pilots usually donate the pilots'  
services and the use of the air-  
craft, while the sportsmen's as-  
sociations pay for the game food.

Brookville, Karthaus, Punxsu-  
tawney, St. Mary's, Huntingdon,  
and York are among the commu-  
nities in which sportsmen's groups  
either have fed game from air-  
planes or have made arrange-  
ments with pilots to drop game  
food from airplanes.

For the purpose of providing  
food for deer, wild turkeys and  
smaller game, pilots have dropped  
ear corn, alfalfa and apples in  
areas where the game animals and  
birds have been seen in consid-  
erable numbers.

The feeding of game from air-  
planes was tried out as far back  
as 1934 in the Harrisburg-Car-  
lisle region, when John W. Mac-  
farlane, who is now the aerau-  
tics commission's supervising  
inspector, and Rupert Loehner  
dropped small bundles of alfalfa  
and small bags of oats that broke  
when they struck the ground, on  
South Mountain and on Blue  
Mountain.

Oscar L. Hostetter of York,  
president of the Pennsylvania  
Aviation Trades association, re-  
cently notified the Aeronautics  
Commission that P. A. T. A. mem-  
bers of offering the services of  
pilots and the use of airplanes to  
local sportsmen's groups.

The United States contains be-  
tween 90,000 and 100,000 soda  
fountains, while the number in  
European countries probably is not  
more than 1,000.

## Democratic Party Finance Director Resigns Place

ATLANTA, Ga., Mar. 1.—(INS)

Georgia State Treasurer George  
B. Hamilton resigned Saturday as  
director of finance for the Demo-  
cratic party national committee.

Hamilton said he was resigning  
the post because he could not "in  
any way agree with the civil rights  
program promulgated by the presi-  
dent."

Hamilton notified J. Howard Mc-  
Grath, national committee chair-  
man of his resignation by letter.  
The state treasurer declared that  
the civil rights program would  
"effectuate untold damage to  
equitable solutions to the racial  
relations that should and must be  
ultimately arrived at."

Hamilton was appointed director  
of finance and acting treasurer of  
the national party in October, 1947.

## Today's Question About Red Cross

What Do Red Cross Chapters Do?

All chapters of the American  
Red Cross are responsible for the  
basic services of disaster prepared-  
ness and relief and of assistance to  
servicemen, veterans and their  
families. Local needs and condi-  
tions determine the nature and ex-  
tent of a chapter's other activities.  
The governing body of the chapter,  
aided by the national organization,  
determines the other services to be  
conducted.

## Distressed School Districts Will Get Financial Aid

HARRISBURG, March 1.—(INS)

The state public school building  
authority said today financially  
distressed school districts will re-  
ceive first consideration in its long  
range building program.

The policy of the authority, em-  
powered to underwrite construc-  
tion on a loan basis, will be to  
process applications for aid accord-  
ing to need, said Director Russell  
G. Bartman.

Established by the General As-  
sembly during the 1947 session,  
the authority will make possible  
long range financing of improve-  
ments in school buildings through-  
out the state by bond issues. Dis-  
tricts will repay the authority by  
means of rentals sufficient to cover  
interest and amortization over a  
maximum 30-year period.

Construction plans must be ap-  
proved by the Department of Pub-  
lic Instruction.

The authority was appropriated  
\$100,000 for administration.

## Study Of Viruses Help To Mankind

WASHINGTON, March 1.—(INS)

Dr. Wendell M. Stanley, Noble  
prize winner in chemistry, pred-  
icted that the study of viruses might  
unravel some mysteries of life it-  
self.

Stanley, whose prize was award-  
ed for his work with viruses, told  
the finalists in the seventh annual  
talent search competing for \$11-  
000 in Westinghouse scholarships  
that the study of viruses had done  
much in combatting disease. But,  
he added:

"Because viruses represent the  
simplest structures we know hav-  
ing properties characteristic of liv-  
ing organisms, studies on viruses  
should help solve many problems  
relating to the nature of life."

WARM CHEERLEADERS

ITHACA.—(INS)—Ithaca high  
school's girl cheerleaders have  
plenty of sex appeal and pep but  
they've found that their sweaters  
don't keep them warm when they  
are sitting waiting for the next  
chance to cheer. So, the junior  
class decided to do something about  
it. No longer will the eight cheer-  
leaders have goosebumps. They  
will be wrapped in blankets do-  
nated by the class.

## U. S. Still Owes China 135 Planes Under Agreement

WASHINGTON, March 1.—(INS)

The air force disclosed Saturday  
that there remain in the United  
States 135 war surplus combat  
aircraft to be supplied to China  
under a hitherto secret agreement  
under which this country estab-  
lished a Chinese air arm.

The pact providing a United  
States supplied and trained air  
force for China was signed before  
V-J day, and called for 1,071 planes  
and the training of 5,407 pilots, air  
and ground crew members.

The program originally provided  
for an 18-group Chinese air force,  
but the ability of China to pro-  
vide money and men cut the total  
to eight and one-third groups.

Surplus Material

Total cost to the U. S. of the  
planes was 121 million dollars.

They were sold to China for \$7-  
200,000.

Details of the air aid for China  
program were revealed in a letter  
from Air Force Secretary Syming-  
ton to Secretary of State Marshall.  
The letter said that 936 planes  
have already been sent to China,  
and that 135 remain to be sent. All  
of the planes are war surplus types,  
including such veterans as B-17s  
and P-47s, outmoded by present  
production aircraft.

## Work Stoppages Higher In January

WASHINGTON, March 1.—(INS)

The Bureau of Labor Statistics  
disclosed today that strikes in U. S.  
industry increased sharply in Jan-  
uary.

A BLS statement declared that

there were 175 work stoppages in  
January as compared to 130 in  
December. The total for last  
month, however, was well under a  
year ago, when there were 320 stop-  
pages.

January labor-management dis-  
putes involved 75,000 workers as  
compared to about 50,000 in De-  
cember, and approximately one  
million man hours were lost, twice  
the number lost in December.

## Burglars Raid Two Sugar Bowls

PHILADELPHIA, March 1.—(INS)—Yes, people still hide money in their sugar bowls in the China closet today... and burglars are still finding it.

Mr. and Mrs. Joseph Kline, of Philadelphia, apparently found out too late. Returning to their home yesterday, they discovered the place had been ransacked by burglars.

They rushed to the China closet, and their worst fears were realized. The thieves had made off with \$750 cashed in one bowl, and \$250 secreted in another.

### CATTLE TEST

LONDON.—(INS)—Experiments being carried out by scientists on an unnamed island in the Indian ocean may decide whether or not African cattle can be exported to

bolster up Britain's low meat stocks. All that holds up transportation is the dread rinderpest—to which cattle from that area are especially addicted. Scientists on this secret island—officials refuse to name it—are making tests with an immuniser which it is hoped will prevent the disease from attacking cattle.

### COAL PRODUCTION

#### HITS NEW RECORD

WAYNESBURG, Pa., March 1.—(INS)—Greene county produced a record amount of 12,903,613 tons of coal during 1947, the three mine inspectors, whose territory includes the 44 mines in the county, reported today.

The county also had 8,944 men employed in the mines last year. The Giant Robeha mine of the H. C. Frick Coke company, world's largest single mining operation, now partially in operation, produced 3,088,119 tons.

## Turnpike Shows Upward Trend In Number Of Deaths

WASHINGTON, March 1.—(INS)—The national highway users conference charged that the death rate on the Pennsylvania turnpike emphasizes that "superior engineering alone will not make roads safe."

Arthur C. Butler, NHUC director, in a letter to Chairman T. J. Evans of the Pennsylvania Turnpike Commission, answered recent criticisms of the organization in a pamphlet published in Harrisburg.

Butler, in the letter to Evans, said: "A general downturn in fatalities for the whole country and for the state of Pennsylvania turnpike shows a spotty but generally upward trend in deaths."

The letter referred to the 60-month period from 1940 into 1946. It added: "Common sense and careful driving always remain the controlling factors without which the best-engineered road in the world will fall far short in its safety potentiality."
